Digital and Slides Chairman's Comments

The trend away from Realist slides toward digital images continues. I am gratified to see new entrants from both the US and around the world. My thanks to all who sent their views, and to LA 3D Club members who helped to make the Hollywood Exhibition a success again this year.

— Ed Ogawa

Card Chairman's Comments

The PSA website is undergoing some changes, but they usually have a number of current Exhibition entry forms, with closing dates and contacts for upcoming Stereo Exhibitions.

But where have all the stereo (now called 3D) exhibitions gone? I started entering exhibitions 13 years ago. In 2010 there were only 10 PSA recognized stereo exhibitions. These were: Cascade, Chicago, Delaware Print (after a hiatus,) Detroit, Hollywood, Oakland, PSA, Southern Cross, Stereoscopic Society of America and Third Dimension Society.

In 2011, Ohio has returned as a digital only exhibition, but over the years a lot have gone by the wayside, including Potomac, Delaware, View-Master, Wichita, Rocky Mountain, DGS Hamburg, ISU, Chesapeake, Royal Palm, Pikes Peak, NSA and Southwest. Plus the PSA sponsored Sequence and Traveling exhibitions switched from International Exhibitions to Division competitions. We're happy at the LA3D club to keep the Hollywood tradition going. Thanks for entering! See you next year.

— Lawrence Kaufman
