The sponsors of this International Exhibition of Photography have been awarded Recognition by the PSA, the world's largest patron of International photographic exhibitions.

Acceptances received by PSA members in approved sections of this exhibition are eligible for PSA Star Ratings, listing in the worldwide PSA Who's Who of photography, and credited toward PSA Distinctions PPSA and EPSA.

PSA is a non profit organization promoting the advancement of photography in all its forms to novice, amateur and professional photographers worldwide.

For information on membership and the many services and activities of PSA, contact:

2010

Hollywood International Stereo Exhibition

Catalogue of Awards & Acceptances

Sponsored by the
Stereo Club of Southern California

Digital and Slides Chairman's Comments

A tipping point has been reached. For the first time, the number of digital entries has exceeded the number of Realist entries. The total number of digital and Realist entries is virtually the same as last year, so there was no overall increase.

Lifetime member Oliver Dean offers workshops on StereoPhoto Maker and Adobe Photoshop that are free to SCSC members in good standing. They neatly complement the workshop and article by David Kuntz on making stereo cards. I urge club members to take advantage of these excellent resources.

Thanks to everyone throughout the world who submitted their stereo pictures.

— Ed Ogawa

Card Chairman's Comments

I am happy to report that again this year the stereo card entries were up (from 24 to 28.) It appears that many entries were digitally captured, so more and more people are learning how to make stereo cards from their digital cameras. Thanks to David Kuntz, SCSC did have a digital workshop presentation and an article in our 3-D News on how to make stereo cards. Perhaps too late to contribute to the Hollywood entries; but I look forward to even more entries next year.

This was our third year with an electronic section and surprisingly we had more entries in the stereo card section than the other two, yet the amount of entries were very close. You don't need to wait until next year to get those entries ready, mount them now and we will all reap the rewards next year.

There still continues to be fewer PSA International exhibitions each year. Please help support the remaining exhibitions and let's hope some new ones will start up. The Stereo Club of Southern California is staying committed to hosting the Hollywood Exhibition as long as it is supported by the stereo community.

I look forward to seeing your entries next year!

— Lawrence Kaufman
